HOLIDAY HOMEWORK

Dear students,

We know that when you think of summer, you always think of fun filled activities such as; playing for longer hours, exploring new places, watching movies etc. Guess what; this holiday homework lets you do all these things and more. Studies are important for us to gain knowledge, and sports are important to keep active, healthy and learn various personality trait . With this thought in mind, this year we teachers have designed your holiday homework to keep you actively and fruitfully engaged during summer break. Holidays are great, but school work can be fun filled and inspiring too if done on your own. Of course you can ask your parents for some help.

ASSIGNMENT FOR PARENTS

Warm greetings. For the past months we enjoyed taking care of your precious children. You might have noticed that they all loved to come to school. For the next month, you, their natural guardian will spend the vacation with them. Let's share some tips to make this period a fruitful and happy period for them.

- *Have at least two meals together with your child.*
- *Allow them to help in easy household chores. Help them make a few dishes using fire less cooking techniques.*
- *Allow your child to play outdoors get hurt and get dirty. It's okay for them to fall down and experience pain once in a while. Comfortable life within the sofa cushions will make your child lazy.*

General instructions:

1. *Do homework as specified.*
2. *Follow all the given instructions sincerely.*

Holiday homework should be submitted in the first week once the school reopens after holidays. Revise all the units which been covered so far in all the subjects during summer vacations.
