

Summer Holiday Homework

THEME ECOSYSTEM

Nature Is Everywhere

Nature is everywhere.

Nature is everywhere you go.

**Everything that lives and grows
is nature.**

Animals

big and small.

Nature is plants that grow so tall.

Nature is beautiful in every way.

Wonderful, exciting

And needs our care.

**So listen, learn and do your part to keep nature
Beautiful forever.**

PRAGATI PUBLIC SCHOOL

CLASS I

ACADEMIC SESSION 2019-20

Dear Parent

You'll call it HomeWork....
your child will call it
FUN!!!!

Holidays are the best time of the year,

Time to shout, clap & Cheer!!!

Jump about and have lots of fun,

Enjoy treats in tons and tons!!!

Plan a trip, go around and explore,

Be it mountains or the sea shore!!!

Playing or cycling, whatever you do,

Museums & mountains can be visited too!!!

Try cool recipes with your grandparents too,

Experiments and projects to be done by you!!!

Summer Vacation

***Looking forward to meet to you all in July.....Happy
Holidays!!!!!! Have a great time!***

Dear Parents

1. A healthy mind resides in a healthy body so start your day early and set a routine even during vacations. In addition you and your little one can spend some quality time playing or simply making normal conversation to enhance the bond, go cycling, swimming to keep yourself fit and healthy. Encourage your child to take care of personal hygiene by inculcating the following habits:

- Brushing teeth twice daily.**
- Combing hair regularly.**
- Bathing every day.**
- Washing hands before and after meals.**
- Trimming the nails and keeping them clean .**
- Eating healthy food .**
- Washing hair regularly with a shampoo.**

2. A book is a child's best friend. Develop a love for reading and listening to stories. Suggested series of story books for reading: Pepper, Bruno, Bubbles

3. Encourage self-responsibility and accountability. Encourage them to keep the house clean especially the play area.

4. Watch English Movies like Frozen , Home Alone , Zootopia

5. Some activities suggested for the kids to experience and value nature, so that they can understand their importance and protect them.

6. Allow your child to play outdoors, get hurt and dirty. It's okay for them to fall down and experience pain once in a while. Comfortable life within sofa cushions will make your child lazy.

7. Help your children learn a sport or join talent class this summer. While learning new skill/ sport, children stay active and attentive

8. Keep your children away from T.V, mobile phones, computers and other electronic gadgets. They have their whole life for that.

9. Encourage your child to do the homework on their own under parental guidance in legible handwriting .

10. The date of submission for the same is : first week of July.

11. The holiday home work will be assessed on the basis of originality , presentation.

12. Revise all the work done till date in notebooks and worksheets .

A happy and healthy family time is the best way of imparting the much needed life skills to our children. We all wish to see them grow up as responsible and caring individuals who understand the value of time. As parents, it is important to invest your time with them now. With good wishes for a marvelous vacation

MATHEMATICS

1) Draw/ Paste picture of 2 domestic animals, 2 farm animals and 2 wild animals in scrap book .Count and write the total number of legs of all the animals.

2) Go for a nature walk. Collect fallen leaves. Paste them in scrapbook to create one digit addition.

2) Paste the stickers stars in scrapbook on the number grid to show skip counting of 2.

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18

3) Use geometrical shapes to draw a landscape of tree, house and sun.

ENGLISH

- 1) Pictorial Dictionary of Animals -Make a mini dictionary using waste paper or old greeting cards (any ten animals/birds/insects). Write one line each below every picture.
- 2) Try to read newspaper with the help of parental guidance.
- 3) Learn one poem with suitable gestures and voice modulation related to the theme: Save water

Our Green Friends

Mother Earth

Love for Animals

and make manageable props for the same.

- 4) Make a hand printing drawings with appropriate colours in the scrap book and label the animal name (choose any 2) . Write lines on them -the food they like ,the habitat in which they live, where they are found the most.

- 5) Wear your creative cap. Make a self portrait using things from nature in Scrap Book. (Use dry fallen leaves for hair , small pebbles for eyes , flower petals for lips.....) Write 5 lines on Myself .

6) Food chain in an ecosystem

Smaller insects feed on green plants and bigger animals feed on smaller ones

Rat

Snake

Eagle

Snake

Rat

Nut

and so on. This feeding relationship in an ecosystem is called a food chain. Draw a food chain in your scrap book also. Write two lines on it.

Environmental Studies (EVS)

1) HABITATS

DIRECTIONS : Habitat is the place where a plant or animal lives. Choose two animals. Think about, or research, each animal's habitat. Draw the environment in which the animal would be found ,and write about why it would live in this habitat. (in scrap book)

2) List 3 things that are the same and 3 things that are different between plants and animals.(in scrap book)

3) Life cycle in an ecosystem

All living things have a life cycle. They are born, they grow up, they reproduce and they die. Different groups of living organisms have different kinds of life cycles. The life cycle of an insect is very different from the life cycle of a mammal or a reptile.

Look at the life cycle below. Think about how each animal changes over its lifetime. Label the pictures from 1 to 4 in the order of the each animals life cycle. Draw the correct order in scrap book.

4) Explore the amazing world around us .

Learn any four amazing facts on animals or birds or plants .

For eg ; Ants never sleep.

Elephants can smell water from about 5km.

Bamboo is a rapid growing plant.

Humans and elephants are the only animals with chins.

5) Learn few lines on any one endangered/ extinct animal .

Make a face mask also for the same.

TIME TO BE CREATIVE

Let's take the time to say "Thanks, dad. I'm glad you're mine."

LEARNING OUTCOME - To enhance creativity and to express love for our parents.

Gift a special card to your Dad on 16th June with the help of elders in the family.

You will require-

- ✚ Cartridge sheet or chart paper A4 size
- ✚ Paintbrush
- ✚ Paints

What to do –

- ✚ First are the footprints and handprints.
- ✚ Do the "body" which is the footprint, in blue.
- ✚ While the "cape" which is the Handprint, in red.
- ✚ Paint a circle on the canvas for the head and paint hands/arms coming from the "foot/body" of your superhero.
- ✚ Paint on some clouds or other embellishments to the canvas.
- ✚ Click a photo gifting the card to your Dad and paste its printout (postcard size) in your scrap book .
- ✚ Write a small thank you note for your dad also.

TIME FOR FUN!

HANDS ON CRAFT!! ECOSYSTEM IN A SHOE BOX

Choose and create an ecosystem that you find most interesting.

For eg. desert, under the sea, forest, grassland, rainforest, polar region etc

Material Required

Shoebbox, dry grass, sand, clay to make different animals or plant life, old newspaper, magazine for pictures of animals (can be given 3D look), paint, fevicol, coloured sheets, waste material at home – small plastic bottles, old toys, paint colours, small stones or pebbles. Waste things can be taken according to the habitat chosen.

Method

- Make a strong base with the shoe box.
- Create the elements by collecting material from different sources mentioned above in the material required.
- For the ground - Sand can be used for desert. Dry grass/ artificial grass for the forest. Cotton / foil paper / blue plastic polybag / cotton for under water and polar regions.
- Animals can be created using clay or old toys. Also picture or cut out of animals from old books or magazine can be used and give them a 3D look.
