## **Theme "OUR ENVIRONMENT"**

*Dear Children,*

*Vacation has just one letter difference with vocation. Summer vacation is the time when you can be more candid and creative. This is the time when skills, other than intellectual skills, can be nurtured and developed in your soft and evolving brains. Holiday assignments are focused to let the creative and latent talents, skills and desires of the children come to the surface so that they may be identified and satisfied. So dear children, Get... Set... Go... Enjoy doing the activities and ensure timely completion of the given assignments. Remember a well presented Holiday Homework fetches you good grades.*
